

THIS IS WHO WE ARE

Families Matter was formed in 1997 as part of Hythe United Reformed Church outreach programme and became a charity in 2002.

On the Right Track

We serve the local community in many ways including helping junior age children transition to senior school. They come with all forms of anxieties and worries and we stay with them to make this change in their lives as smooth as possible.

The other end of the work we do is with adults that need support because they have either lost their self-esteem or have family pressures and personal health needs. We give them help via courses and group work.

We rely on continuous financial support, the support of many volunteers and Hythe United Reformed Church for the provision of space and facilities which are given freely.

Our leaflets and AGM report give more details. Please telephone the Families Matter office on 023 8020 7623 for further information.
